

SUN BEAMS

By WALTER M. BARRETT

A suggestion has been offered that the state park commission acquire Donner Lake and the surrounding territory as a memorial to the famous Donner Party. The idea, we believe is a good one and should be accorded all possible local assistance. During recent years especially it has been the trend of commercial progress to disregard the picturesque natural beauty spots if they interfere with the development of some major or even minor utility program. Many instances may be cited where once attractive spots of beauty have given way to dams, power plants, strings of unsightly wires and what not. We are not entirely adverse to these developments, but we believe they can be carried too far and unless a limit is reached soon Governor Merriam's statement that—"If we keep up as we have, there soon will be no opportunity for the future boys and girls to know what their primeval country was like; they will be deprived of privileges that you and I have enjoyed,"—will be a very sad truth.

This week petitions are being circulated in Truckee for the purpose of securing sorely needed money to be used in assisting in the raising of trout to be planted in the Truckee river and adjacent streams. This is probably the most important issue in the community today. Perhaps you do not fish at all and maybe you do not even care for trout in your diet, but there are thousands who do and many of those thousands will visit in Truckee each year if they can be assured the good angling which they have enjoyed in the past. It is not so much for local sportsmen that the trout are planted, but for those hundreds of visitors. If we can keep the local streams well stocked with trout those guests will continue coming. Just as soon as we permit our trout crop to die out, they will seek other locations. It is up to each one of us to do our part.

Lake Tahoe at this season of the year surpasses its own beauty. The late arrival of summer left the greenery more vivid and bright shrubs, trees and flowers reflected in the varied blues of the lake make a picture no artist can ever hope to even come close to copying. The atmosphere, too, is cool and restful and those vacationing there this summer are to be envied.

We are sorry if you didn't take our advice some time ago and register to vote at the primary. Tonight gives you your last chance to do so—tomorrow it will be too late.

There was one item in the annual report of the local post office which left a rather sour taste and that was the huge money order business recorded. We hope we are wrong, but it would indicate that many Truckee people are buying through mail order firms rather than locally. Those very pretty pictures in catalogs are nice and descriptions are beautifully worded, but sending your money out of town for purchases which could be made here at savings do not help in the smallest degree to build your home town.

BERNARD POTSCH, A FORMER TAHOAN EXPIRES IN CAPITAL

TAHOE CITY, July 21.—Death struck again at a Tahoe resident, the latest victim being Bernard Potsch, 30, who died in Sacramento following an extended illness. He was taken to the capital city more than a week ago and passed away Sunday. A brother Sherman, who is employed at Atherton's store, was summoned to his bedside on Saturday. Mr. Potsch leaves a widow and a father, a mail clerk on the train at Tahoe. The deceased leaves many friends at Tahoe, as he was employed 2 years ago at Atherton's.

DOLLEY INSTALLED AS HEAD OF LOCAL ODD FELLOW LODGE

Norval F. Dolley was installed as noble grand of Donner Lodge No. 162, I. O. O. F., by Frank Powell, district deputy grand master at the lodge hall on Saturday evening. G. Kelly took the position as vice grand; A. Armati, warden; J. W. Titus, chaplain; H. R. Oliver, right support of noble grand; Oscar Schumacher, left support of noble grand. Trustees for the coming year are H. R. Oliver, Oscar Schumacher and Julius Lichenberger. Other officers will be installed at the next meeting.

Move Is Sponsored To Include Donner Lake In State Park System As Shrine To Members Of Pioneers Of California

Native Daughters Urge Action As Governor Merriam Gives Official Approval To Plan In Address At Santa Barbara Meeting

GELATT SAYS COMPANY WILL BE RECEPTIVE
Truckee Chamber of Commerce Will Lend Aid To Plan By Writing To Officials Concerning Acquisition Of Park Lands

Sponsored by the Native Daughters of the Golden West, a concerted drive is now on foot to include Donner Lake and the surrounding territory in the state park system as a permanent memorial to the pioneer party of men, women and children that died of starvation and exposure while attempting to reach California.

Traffic Increases
50 Per Cent Over
Last Year's Travel
20,000 Cars Pass Big Bend
On July 4, Records Reveal

Traffic over the Donner Highway increased over the July 4th holiday period at least 40 per cent over that of last year, it was reported by the forest service through District Ranger John R. Hodgson.

It was reported that 15,980 people passed Big Bend on July 3 and 20,150 passed the same spot on July 4th. The increase, it was stated, probably resulted from the celebrations in Truckee and Reno.

While much of this traffic was diverted between here and Big Bend, it is estimated that more than 75 per cent passed through Truckee during the two-day period in which the record was kept.

No forest fires were reported in the Tahoe National Park over the holiday, according to Supervisor DeWitt Nelson.

CARPENTERS' UNION HOLDS PICNIC AT CARNELIAN BAY

Approximately 150 members of the Carpenter's Union Local No. 2035, A. F. of L. at Tahoe and their families enjoyed a picnic Sunday at Carnelian Bay. Games and fine eats were the big attractions of the day.

On the committee were C. W. Peterson, Carl Sorenson, Rusty Tarwater and Sam Preston.

TRUCKEE WOMAN TO ASSIST IN STATE FAIR ARRANGEMENT

Governor Frank F. Merriam will be present at the first "Women's Day" in 84 years to be featured at the California State Fair on Wednesday, September 7 with a luncheon preceding events of interest to the women.

All women's organizations have been asked to participate and Mrs. E. G. Harris, by the request of Mrs. H. H. Johnson, chairman of the state P. T. A. at Sacramento, is to act as vice chairman in this district to cooperate for the success of the day.

Mrs. Harris is to be contacted for reservations to the luncheon. The Women's Council of Sacramento will be hostess of the event that may continue annually.

Move Is Started To Draft Kirman For Governor

A concerted effort to draft Governor Richard Kirman of Nevada for reelection is being led by Secretary of State Malcolm McEachin.

McEachin said he hoped to get over 5000 signatures on a petition to the governor in an effort to persuade him to change his mind about not running for a second term.

If Kirman does choose to run it is generally believed that the two Democrats who have already filed will withdraw. Kirman is extremely well thought of in both Nevada and California and would have little trouble in getting a second term.

The plan was given the wholehearted endorsement of Governor Frank F. Merriam who spoke before a recent grand parlor meeting of the Native Daughters in session at Santa Barbara.

"That monument," Governor Merriam said, "should be preserved for the memory of California—a memory, not only for those who fought and suffered, but for the pioneers, the mothers and fathers, who worked to make and develop California."

The Native Daughters are seeking to have this territory, which includes Donner Lake and thousands of acres, retained in its present condition as a state park and prevent its destruction through modernization.

"It is my hope," the governor said, "to have preserved the natural areas of this beautiful state. I am now trying to have set aside between 400,000 and 500,000 acres."

"This I hope to have set aside for future generations. There will be no highways, and those who want to see it will have to enter by trail. I want it for the boys and girls of the future. If we keep up as we have, there soon will be no opportunity for the future boys and girls to know what their primeval country was like; they will be deprived of privileges that you and I have enjoyed."

"Just yesterday I met with commissions that are going to look for areas in California to be preserved."

Speaking of the Donner Lake area, the governor said the state park commission has little money left and if the commission could be persuaded to use the money left for establishment of a state park at Donner Lake he would welcome it.

The chamber of commerce Monday endorsed the plan and will send copies of a letter urging the acquisition of the area in the park system to Governor Merriam, the state park commission and the Native Daughters of the Golden West.

"It would be a splendid idea and I am sure they would find the Donner Lake Company most receptive," W. B. Gelatt, manager of the company which owns much of the land surrounding the historic lake, when the matter was discussed with him.

SAN JOSE TEACHER HERE TO REMARK PIONEER ROUTES

P. M. Weddell, instructor at the San Jose high school who is well known here, has returned to place new markers on the historical pioneer emigrant trail near Truckee.

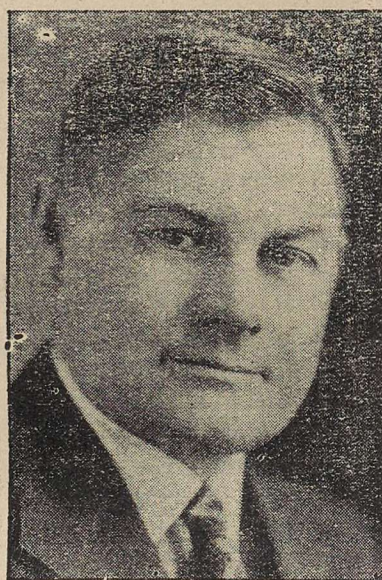

Weddell makes the visit annually and has been working with Frank Powell to retain the original paths of the early emigrants.

TAHOE WOMAN IS SEVERELY HURT IN KINGVALE MISHAP

Bonita Ellingsworth, who has been employed as hostess at Chambers' Lodge on Lake Tahoe, suffered severe head injuries and the car she was driving was virtually demolished at a late hour Tuesday night when it struck the rear of a large truck on the highway near Kingvale.

Mrs. Ellingsworth attempted to pass the truck but hit one corner, shearing off one side of the lighter machine and hurling the driver into the windshield. She was treated by Dr. J. H. Bernard. State Patrolman Arthur Barrick investigated the mishap.

Lion Leader

WALTER F. DEXTER

Walter Dexter Slated To Be Elected Head Of Lions International

Convention At Oakland Near End As Crowds Pass Through Here

Walter F. Dexter of Sacramento is the International Association of Lions scheduled for election as president of Clubs at the international convention in Oakland at the closing sessions Friday.

C. Edmunds, immediate past president of the Truckee club is among the delegates representing the 3,000 Lions Clubs of 105,000 members in eight nations at the four day convention.

Hundreds of members of the clubs throughout the United States passed through here last week en route to the convention city.

Dr. Dexter, who has been first vice president for the past year, will succeed Frank V. Birch of Wisconsin. Dr. Dexter was formerly secretary to Governor Merriam and is now the state superintendent of public instruction. He was president of Whittier College for ten years prior to 1934.

Meeting in Oakland, delegates from California-Nevada Area Lions Clubs this week elected John B. Foy, Reno, to the position of district governor of district 4-A of the area. Truckee's Club falls under the jurisdiction of this district.

PAST YEAR NEARLY SET PRECIPITATION RECORD FOR AREA

The year 1937-38 rated second best in the measurement of precipitation as compared with the season of 1889-90, according to compiled statistics.

The year just ended piled up 76.22 inches while the season at the beginning of the "gay 90's" brought precipitation to a total of 100.09 inches. That year's record was only exceeded once during the 70 years of weather records kept at the county seat. In 1866-67, 115.26 inches were on record.

The nearest approach to this year was in 1906-07 with 71.08 inches and 1911-12 runs it a close second with 70.34 inches.

The heaviest precipitation last year was in February.

Pre-School Group Will Meet On Thursdays For Summer Sessions

The pre school group of the local Union of the P. T. A. will meet at the Community Church on Thursdays at 10 a. m. before going on the weekly picnic during the summer months. Study classes will be held in the afternoons.

NEVADA GOVERNOR'S MANSION STRUCK BY LIGHTNING BOLT

The governor's mansion at Carson City was struck by lightning during a storm last week with only minor damages resulting. Governor Richard Kirman, who was in another part of the house, reported he heard "a loud report." The bolt apparently hit a corner, the current traveling down a water pipe by way of an electric switch nearby, grounding under the sink.

175,000 Young Trout Ready To Be Placed In Rearing Ponds; Shortage Of Money Delays Start Of Feeding

Fry Now Being Held at Tallac State Hatchery Awaiting Transportation to Flycasting Club's Rearing Ponds On Truckee River

SOLICITATION FOR FUNDS STARTED IN TRUCKEE

San Francisco Club Will Pay Half Cost Of Feeding Besides Providing Ponds, Equipment, Caretaker; Local Fund Necessary

One hundred and seventy-five thousand rainbow trout, measuring approximately two inches in length are now being kept at the state hatchery at Tallac awaiting transportation to the rearing ponds of the San Francisco Flycasting Club on the Truckee River.

Contract Awarded To Bay Firm For State's New Quarantine Post

Nearly \$15,000 Will Go Into New Station Near Truckee

Work is expected to be started in the very near future on the new state department of agriculture's quarantine station on the Truckee River east of here.

Contract for the erection of the new buildings was awarded last week by the department of public works at Sacramento to Robert McCarthy of San Francisco, who entered a bid of \$14,948.

Plans call for removal and alteration of existing building as well as new structures. Driveways are also included in the contract.

195 CCC BOYS NOW AT RUBICON FOR FIRE SUPPRESSION

One hundred and ninety-five CCC enrollees are now located at the Rubicon Point CCC camp to assist in forest fire suppression and control, Ben Winslow, local forest service dispatcher announced. The men will be employed throughout this region as far north as Sierraville. Camp Superintendent Kearney is in charge of the recently arrived detachment.

MASS MEETING WILL BE HELD AT TAHOE TO TALK DISTRICT

All residents and property owners of the Lake Tahoe district between the state line near Brockway and Chambers Lodge and down the Truckee River are urged to attend a mass meeting at Tahoe Camp, three miles south of Tahoe City Friday night at 8 o'clock when plans for the formation of a fire district will be discussed.

Officials of the U. S. Forest Service will be on hand to explain the proposal and lead in discussion of the plan. Petitions have already been signed showing the desire of the property owners, but the idea must still be presented to the board of supervisors and details worked out.

OIL DISCUSSION IS FEATURED HERE AT LIONS MEETING

An interesting discussion on the distillation of crude oils and the various phases of the oil industry were discussed by Raite Boren, secretary of the Lions Club and representative of the Shell Oil Company, before the meeting of the club last night. Boren also answered questions pertaining to the use of oils and gasoline.

16 Lightning Fires Are Controlled In Forest After Summer Storms

Sixteen forest fires which started during lightning storms in the Tahoe National Forest were reported all under control by the forest service in Nevada City. The largest fire burned over approximately an acre.

Thirteen of the fires were reported in the Truckee-Sierraville section, and four near Floriston.

TRUCKEE
The Recreational
Center
Of the
SIERRA

E. H. Hommon, custodian of the club, who annually supervises the raising, feeding and planting of Truckee's most lucrative crop—trout—said a recent visit to the hatchery revealed the fry in excellent condition and ready for the last stage of their development in the modern feeding tanks at the club, before being liberated in the river where they will provide sport for the thousands of nimrods who frequent the local river and streams each season.

There is one, and only one, reason why the fish are not in the rearing ponds now. That reason is the lack of funds to provide the special food prepared and served by Hommon. The flycasting club is ready and willing to stand half this cost, Hommon said, but asks that the residents of Truckee and others interested in the development of the industry here, share equally the expense.

Last year the cost of feeding and caring for the 170,000 rainbow fry was approximately \$900 and there is reason to assume the sum required this year will be equally as great. The fish are now considerably larger than when first taken to the rearing ponds and therefore will require more food. Costs, too, have soared somewhat, although not enough to make any material difference, experts say.

Being without central government, and with no direct way of financing such necessary projects, the program must depend entirely upon contributions of those interested in fish development as a civic enterprise.

Last year local merchants, restaurant men and other who directly benefit from the program, provided generously, coming within \$25 of matching the sum put up by the club. The club charges nothing for the use of its facilities, the caretaker and the other necessities, the money raised here paying only for half of the actual food and incidental costs.

Petitions are now being circulated to ascertain the desire of the community on the project this year. Unless the town can match the club's half of the cost, there will be no fish fed, it was indicated by D. E. Kessler, president of the group, who visited here a few days ago.

Reno Men Nabbed Here On Sobriety Ordinance Sentenced By Justice

Appearing before Justice of the Peace C. E. Smith, Ray C. Sharpe of the Pioneer Hotel in Reno and E. M. Gray, also of Reno, were sentenced to pay fines of \$25 of spend 12 days in jail after being found guilty to violating the county's sobriety ordinance. They were arrested here by State Patrolman Art Barrick.

Truckee Forest Men Are Sent North To Aid In Fighting Numerous Fires

James Gleaton and Nelson Stone of the Truckee division of the U. S. Forest Service have been dispatched to the California-Oregon state line to aid in directing the fighting of fires there. Recent numerous lightning fires have been causing much trouble in that area.

Transferred—

Al Brazil of Sacramento, who has been employed here during the summers, has been transferred by his company to Grass Valley and Nevada City.

A BAD OMEN FOR PANHANDLERS

For many years Truckee has been a mecca for panhandlers who have enjoyed "easy pickin's" at the expense of our many summer tourists and local residents. It is not uncommon to see a tourist park at the main street curb and before he shuts off his motor to have a "weary Willy" accost him for the price of a cup of coffee. We can assure you that makes anything but a good impression on the visitor. The streets during the summer are unfortunately frequented by this undesirable element. Begging at doors is also a too common occurrence. Often the beggar is one of those who has the prevalent idea that there is no longer any necessity to work for his living, an idea widely used these days.

Now, however, Truckee is in a position to put the ban on the panhandlers. A so-called work-relief agency has been set up by the chamber of commerce. Numbered in the minority among these tramps are deserving men and families who are actually in want and willing to work. For those a job has been provided. Honest labor with compensation is now available. It will be unnecessary and unwise to continue to hand money or handouts to the panhandler. Simply direct him to the office of the public utility district and he will be given a job to work for his meals and at the same time will accomplish a project necessary to the welfare of the town. The method will discourage those who believe the world owes them a living and their Truckee stay will likely be cut short when they find they must work to eat here.

Everyone is asked to refrain from giving these beggars money or food at least during the life of the relief plan.

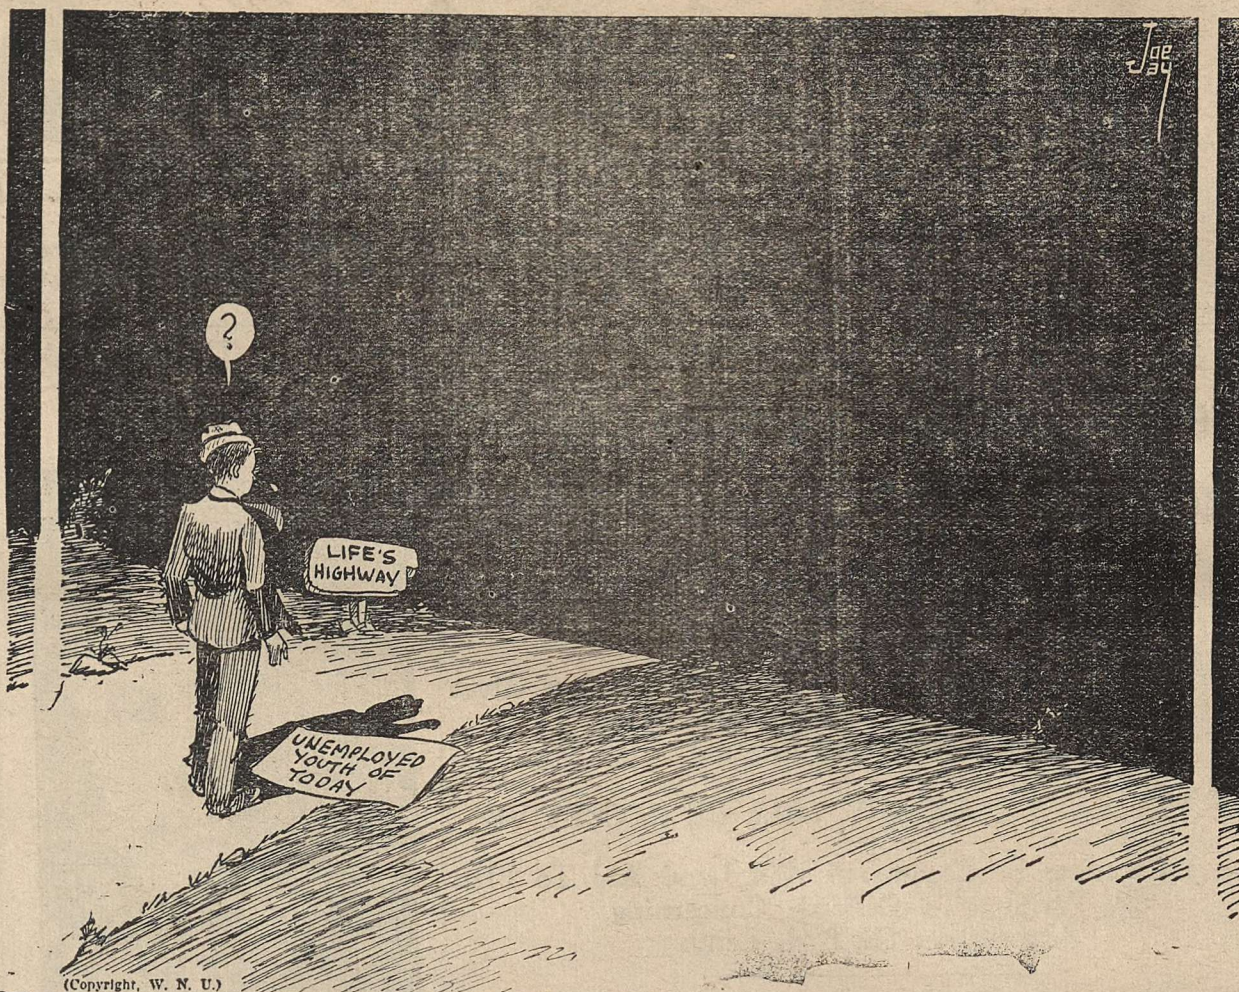

THE ADMINISTRATION'S 'PURGE'

The Administration's "purge" is definitely underway. The President has stated that he feels himself at liberty, being head of the Democratic Party, to take a hand in state primaries if he so desires. And according to all of the Washington correspondents, the purpose of his swing around the country was to endorse candidates he wants to see sent to Congress, and defeat those who have opposed his major policies. The acid test seems to be the Judicial Reorganization proposal. Those who voted for it are considered good New Dealers by the Administration. Those who voted against it are most likely in the dog house.

The President gave Senator Barkley or Kentucky an extremely warm endorsement. This primary is regarded as a major test for the New Deal. If Barkley loses, it will be a serious blow to the Administration. If he wins, it will be a significant victory.

So far it is hard to gauge the trend from the primaries that have been held. The New Deal has both won and lost battles in several states. There has been no landslide—either way. The tale is yet to be told.

to ascertain the trend of the district. Thurman, publisher of the Colfax Record, knows from experience that the newspaper reflects the life of the community and by reading the various papers he is able to keep in constant touch with the activities of the ten counties and in so doing better understands the needs of the several counties throughout the entire district.

GOVERNOR KIRMAN WILL NOT SEEK REELECTION AT POLLS IN NEVADA

Governor Richard Kirman, popular Democratic executive of Nevada last week surprised friends and asso-

ciates with an announcement that he would not seek to be reelected.

If the governor had chosen to run again the Democratic field would have narrowed down to one man and the governor would have been almost sure of reelection in the fall.

See the political cards in The Sun for a list of announced candidates.

TRAFFIC MISHAPS AT TAHOE INJURE MANY DURING PAST WEEK

TAHOE CITY, July 21 — Tahoe's weather problem still remains this week. Intense heat is usually followed by sudden clouding, thunder and rain or hail. A number of minor accidents have been caused by the slippery highways. John R. Blum was one motorist who sustained bumped fenders near the Tavern on Thursday, three cars narrowly averting serious damage when the sudden rain caused the cars to skid.

Other serious accidents which have occurred during the past week involve some of Tahoe's own residents. Around 12:30 A. M. Sunday morning the car belonging to James Lyden, Tahoe paint contractor, and driven by Gwen Dolyn Glenn, Tahoe Inn waitress, was wrecked on a curve near the Flieshacker estate when it left the road and struck a tree. Miss Glenn told Officer Gene Walker who investigated, that she was attempting to light a cigarette for Lyden when the car went out of control. Lyden suffered four broken ribs, lacerations of the head and bruises, and Miss Glenn received injuries to her nose and painful cuts and bruises.

Dr. C. E. Pederson treated them and is in daily attendance at Lyden's bedside in a cabin at the rear of Tahoe Inn. Latest reports declare he is doing as well as can be expected.

An accident on Friday occurred on the curve near the E. B. King home. Philip McRae Robertson, 17, of San Francisco was driving a car which crashed into the machine of Lyle Lewis of Tamarack Camp Grounds. The later was just turning off the highway to visit at the Carl Becholdt, Jr. home when the speeding car bore down upon him. Robertson's car was wrecked and Lewis' partially demolished. Officer Walker placed reckless driving charges against young Robertson, who claimed to have been going only 30 miles an hour. Skid marks, however, showed for over 300 yards, disproving his claim. He will appear on July 22 for arraignment before Judge George Bliss at Tahoe City.

J. E. Welch of Reno and Roy Andrus of Brockway were injured last Wednesday when their machine left the highway two miles west of Incline on the Mt. Rose road and crashed over a 50 foot cliff. Both suffered severe injuries and were reported as confined in a Reno hospital. A report reaching this correspondent on Sunday said that Welch had died no confirmation of the story is available at this writing.

Eugene Re, son of Joseph Re, local stone contractor, was the victim of a serious accident here more than a week ago. Reports from an authentic source declare that young Re has already lost the sight of one eye and may lose both. Details of the accident are lacking and stories of the cause of his injuries differ. It is believed that an unidentified party cast a large stone through the window of his car, the glass shattering about his face and into his eyes. Splinters of glass still remain in them and specialists are battling to save the sight of the remaining optic. Young Re has been confined to the Washoe General Hospital in Reno but was to have been taken to San Francisco by plane on Sunday last for an emergency operation. Word from his bedside of his present condition has not been received. Dr. Pederson rendered first aid and advised his removal to a hospital. Joe Re is also on the sick list with an infected arm and strained ligaments. He fears possible loss of the arm. Mrs. Gene Re and little son are reported speeding from San Jose to his bedside.

Be sure to read the political page of the Sierra Sun for a complete and understandable political discussion.

WOMEN'S CLUB AT TAHOE PREPARE TO LEASE NEW HALL

TAHOE CITY, July 21.— A group of Women's Club members met with Henry F. Droste, president of the new Tahoe Community Center and its trustees on Thursday morning in the library, the purpose being to discuss the proposal made to the club by the trustees of the center for the sum of \$500 which would permit them to lease the community hall for a period of 50 years, the same duration for which the center is incorporated without further payment of rents or fees.

Mrs. Henry Worden, president of the women's group, presented legal advice suggesting that a motion made by a member at a previous meeting of the club, favoring payment of the money and acceptance of the proposition, be withdrawn and supplemented by a regular lease providing for free use of the hall over the stated period of time. The lease being drawn up and the money will in all probability be aid following approval of its contents by members of the Tahoe Women's Club.

Droste asked for congenial and wholehearted cooperation between all local factions, adding that with ordinary good luck the remaining indebtedness on the building could be liquidated within the period of a few years.

Present were Mesdames W. A. Simmonds, Henry Worden, J. Chas. Harris, C. O. Valentine, George Bliss, Eleanor Swanson and Messrs Henry Droste and Clarence Vernon.

PUBLIC MEETING ON HIGH WATER AT TAHOE IS CALLED

TAHOE CITY, July 21 — The level of Lake Tahoe continues to creep up this week despite the opening of one gate in the dam, which, by actual record, is passing 22 second feet. The mark on Monday morning had reached 6228.83 and according to all indications would still go higher, according to W. A. Simmonds, watermaster for the Truckee-Carson Irrigation company at Tahoe.

Protests have been numerous from the southern end of Tahoe where the land is lower and where the beaches have all but disappeared. A meeting may be held in the near future to which all interested in the subject are invited. Ray Neilsen, secretary to Mrs. Anita Baldwin, is preparing data to be made public when available. Congressman Frank Buck, D., California, last week telegraphed Secretary of the Interior Ickes asking that the gates be opened at least a little. The resultant opening of one of the gates evidently complies with this request.

A notice of the meeting will be posted in the local post office for the benefit of those wishing to attend.

ANOTHER OF SERIES OF CARD PARTIES PLANNED AT TAHOE

TAHOE CITY, July 21.— At two o'clock on Thursday afternoon, the Tahoe Women's Club met for their regular biweekly session. Following the reading of the minutes and disposal of a few routine business matters, it was decided that July 28th at 1:30 p. m. the next card party, a desert bride, would be held in the local hall, the public cordially invited.

Refreshments will be served prior to the card playing, with prizes for the winners of both auction and contract.

Motions were carried for sending a plant to the bedside of an ill member, Mrs. Stella Watson, and for the purchase by the club of an appropriate book to be donated to the local library, perpetuating the memory of Mrs. Emma Wehrman, old time pioneer, who passed away last winter and was buried several days before

(Continued on Page 4)

TAHOE PERSONALS

A picnic party was held on Sunday in observance of the birthday of Miss Phyllis Miller. Those who enjoyed the outing at Meek's Bay included Misses Marie Miller and Ruth Marie Smith, and Ernest Meri, all of Reno, Carl Brooks of King's Beach, Miss Jacquelyn Miller and Mrs. Eleanor Swanson of Tahoe.

Zephyr Cove will be the scene of the Sigma Iota Chi's outing beginning July 31. Hiking trips, wienie roasts and swimming will be diversions. In charge are Miss Doris Zak, Barbara Chapman and Carol Jo Wheatly.

Mr. and Mrs. F. B. Doyle and two sons of Berkeley are vacationing at their summer home near Cedar Crest Mrs. Doyle is the sister of Ben Callender of the Hut.

NORDEN

Norden, California
July 20th 1938

To the Editor:

Old timers cannot recall of late years the frequency in which thunder showers have occurred in this region with their copious deposits of rain, hail and wind that has prevailed in this region for the major part of July. No dust is found anywhere in this region and the pasture lands will be given an opportunity to furnish an excellent supply of feed of cattle and sheep ranging herabouts.

Miss June Thornton of Livermore is the house guest of Miss Lucretia Antonicelli of Norden.

Owing to numerous newly weds and those of short marriage careers a spurt of building has settled over the Tunnel Six area with no less than 5 cabins of various sizes in the course of construction.

Okla Hensley has moved his family out of the old residence on Highway Drive to a newly acquired home on Highway Court while his former residence is being by the Cotton and Holder families, recent arrivals in this vicinity.

Albert Proteau of Norden is having as his house guest his aunt, Mrs. Albert Kunz, formerly of Norden and now a resident of Montello, Nevada, and her niece of San Francisco.

Johnny Backarich has proven himself to be a contractor of note in that he is completing one of his three contracts now under construction.

The Ole Erickson and August Olson families have gone to the respective Roseville homes on business for some time.

Robert Randall is now vacationing at San Diego for several days.

Chester Yeakey has returned to Norden after several days about Crystal Lake and Cisco.

Former sheriff George R. Carter of Nevada County renewed old acquaintances in and about Norden this week.

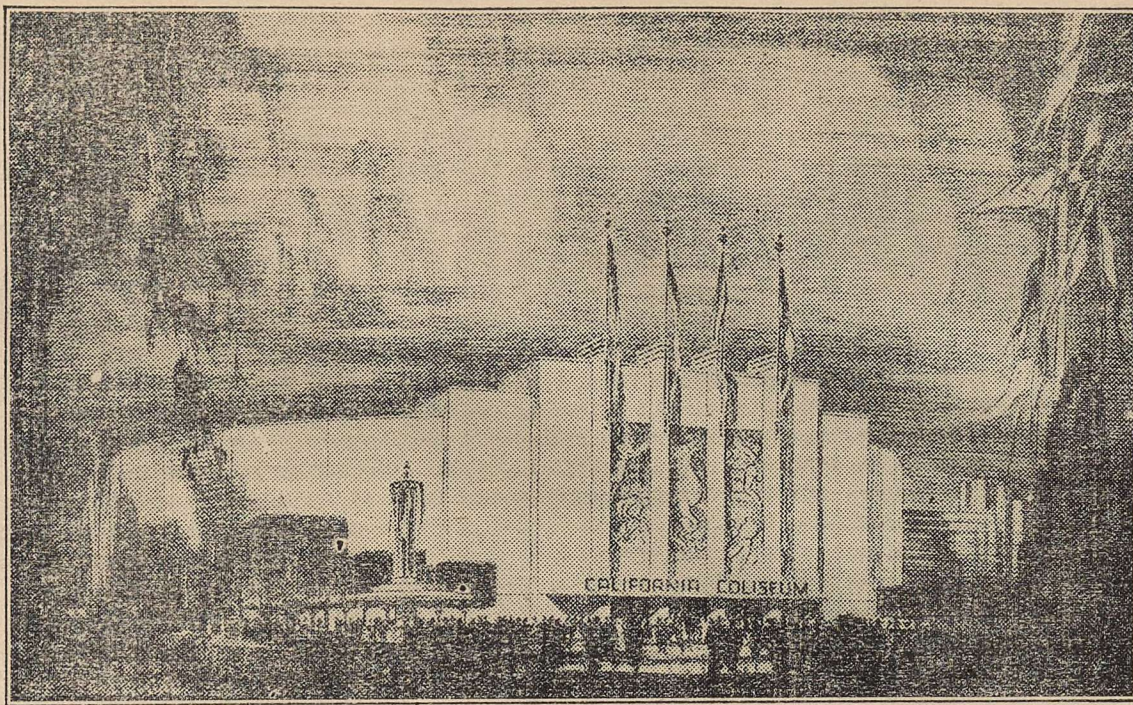

The Norden Store owners have installed a neat lunch room in conjunction with their store which is proving very popular with the tourist trade.

Clarence Troxel of the Norden Fire Train is reducing his waistline with a wood saw and wedges in looking ahead for next winter's fire place demands while Fireman Myrick, Engineer Spot Nagle and Brakeman Jerry Stout are adept at horseshoes, not to overlook Albert Proteau, our genial watchman.

Yours truly,
C. W. Kramer

The Nevada State Fair will be held in Fallon this year from September 22 to 25.

EXPOSITION LIVESTOCK COLISEUM

The above represents the first detailed view of the huge building to be erected on Treasure Island by the California State Commission, for the purpose of housing and displaying livestock shows and athletic and sporting events. Covering an average city block in area, the Coliseum will comfortably seat 8500 spectators. To the left, nearby, will be built one of the largest barns in the world, with facilities for 600 box stalls. These buildings will be the home of some of the fair's outstanding attractions.

Additional facts of interest in connection with the mammoth coliseum and livestock pavilion to be erected on Treasure Island by the California State Commission are today disclosed through a report from Commission headquarters.

As the accompanying picture—the first one available showing in detail the construction of the entire structure—discloses, the building is not only huge in proportions but also attractive and decorative.

Confronted with the problem of providing housing accommodations for thousands of blooded horses, cattle, sheep and swine, as well as dog, cat and poultry shows, the Commission and Exposition authorities

have approved the design submitted above, plans for which were prepared by Sam Heiman, architect of San Francisco.

In addition to adequate facilities for the exhibition of livestock, it was essential that quarters be provided for important athletic and sporting events.

E. J. Fjeldsted, Chief of the Livestock Show for the Golden Gate International Exposition today announces that the dimensions of the display ring of the Coliseum—100 feet by 226 feet—will be greater than those of the famous Madison Square Garden arena in New York City.

Mr. Fjeldsted also states that to date 13 international livestock shows have been definitely contracted for the Exposition, with exhibits assured from every state in the Union, Canada, and all foreign wool producing countries. Negotiations now under way indicate that within two weeks two of the most important of America's dairy shows will be definitely signed up also.

Leading breeders of California, throughout the Eleven Western States and nation-wide express decided gratification that the State of California and the Golden Gate International Exposition are providing so thoroughly for the best interests of this most important industry.

saw marks. Another card found with the exhibit stated the marks were the result of the removal of his brains by starving members of the party.

Historical records also declare survivors of the Donner party were forced to practise cannibalism to exist until rescue parties found them.

Harry Noyes Pratt, director of the Crocker art gallery, after discovery of the tragic relic, decided the skull would not be placed back on exhibit. "The public might think it was in bad taste," he said.

GRUESOME RELIC OF
DONNER PARTY IS
FOUND IN GALLERY

SACRAMENTO, July 21—(UP)—Discovery of a forgotten "exhibit" in the Crocker Art Gallery here recalled the grisly tragedy of the Donner party in the pre-Gold Rush days.

The exhibit is the battered skull of George Donner whose skeleton was originally found in a pile of bones on the shores of what is now known as Donner Lake. Attendants found it on a dusty shelf in the basement. Attached to it was the card of the California Museum Association affirming that it is the skull of George Donner.

The skull itself is grim evidence of the tragedy. Surviving members of the party, after losing half their number of the party through starvation and illness while snowbound in the California wilderness resorted to cannibalism.

Donner's skull bears hatchet and

Politically Speaking

by John W. Dunlap
United Press Staff Correspondent

SACRAMENTO, July 21— (UP)—While the New Deal is not the campaign issue in California it is in other states, the Democratic horn-tooters riding the political bandwagon with be on the lookout for words of praise from President Roosevelt as he stumps the state.

The President has been generous in his endorsements in swing across the country, particularly in Ohio, Oklahoma, Arkansas, and Kentucky. The phrase "My old friend so and so" has been sweet music to the ears of New Deal coattail riders with an election coming up.

The gentlemen holding the key to the president's strategy is believed to be William Gibbs McAdoo, U. S. senator. McAdoo is batting 100 per cent with Roosevelt and is proud of the letter from Roosevelt which asked him to run for reelection. Significantly, it opened with the phrase, "My Dear Mac."

What the politicians would like to know, however, is how close Roosevelt ad J. F. T. O'Conner are. O'Conner resigned from a good job as Comptroller of Currency and came back to California to run for governor. There are eight candidates on the democratic ticket, six of whom may be counted as major contenders.

If Roosevelt adopts a hands off policy for governor, it is likely that the campaign will continue along local party lines. But if he endorses anyone, particularly O'Conner, the New Deal issue is likely to split things wide open.

O'Conner's opponents believe he will be an "also ran" unless Roosevelt should take a stand for "My old friend Jeffy."

While opinion is obviously varied, State Senator Culbert L. Olson would find many takers if bets were made that he would win the nomination in a July election. The liberal senator has won heavy support to date but his opponents are spreading the word his many sided backing will begin to split before August 30. They contend he is appealing to many opposite factions, all of which cannot get his full support, particularly among ranks of labor.

Many backers of Gov. Frank F. Merriam make no secret that they would have more ammunition to use against Olson than any other candidate. The same goes for Lt. Gov. George J. Hatfield, Merriam's chief opponent for the Republican nomination. The fact that Olson was chairman of the Democratic party when Upton Sinclair was defeated in 1934 will enable the Republicans to wage much the same attack on Olson as against the former Socialist author who came so close to being elected.

It is certain Olson expects no aid from Roosevelt, for the senator and McAdoo are not on good terms.

Sheriff Dan Murphy of San Francisco, outstanding northern Californian in the race, is making capital of his endorsement by the California Federation of Labor, mouthpiece of the A. F. of L. He polled twice the votes of Olson, Congressman John Dockweiler, Herbert C. Legg, and O'Conner who trailed in that order.

"We can win," Murphy cried, "If we all get together."

But try to picture those half dozen Democratic rivals getting together on anything (unless it might be the Roosevelt train.)

Dockweiler, while on good terms with the Administration, is in the same boat with Legg, the Los Angeles supervisor. Both are considered good solid Democrats but aren't well known throughout the state. Roosevelt is hardly expected to endorse either.

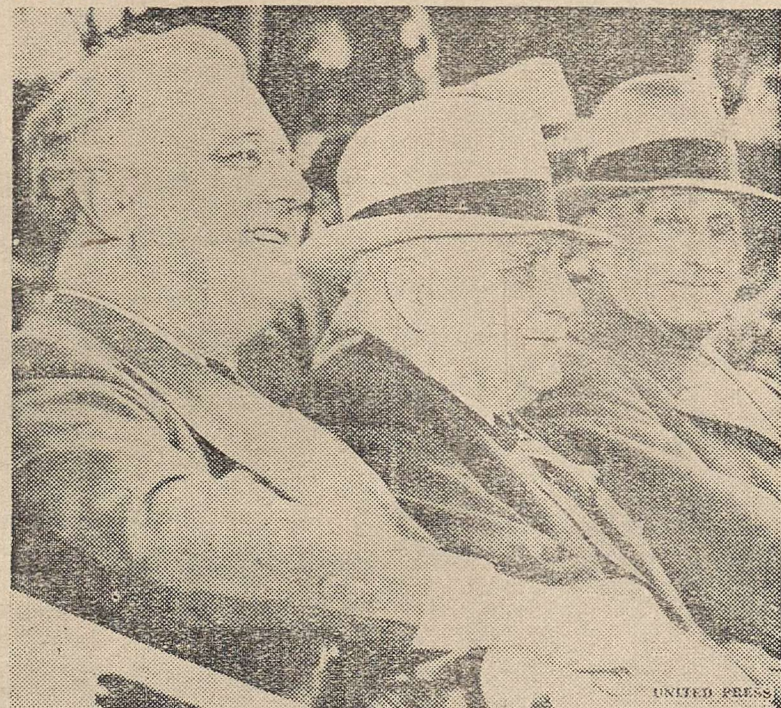

The fact that there are 20 congressmen seeking reelection from California makes it a bit improbable that the President would try to single out any for individual blessings in his 3 main talks at San Francisco, Yosemite and Los Angeles.

PLACER COUNTY GOPERS
ENDORSE MERRIAM; SEAWELL

The Placer County Republican Assembly and the Placer County Republican Central Committee met in Auburn last week and made the following endorsements: Congressman Harry Lane Englebright and Gov. Frank F. Merriam for reelection; Senator

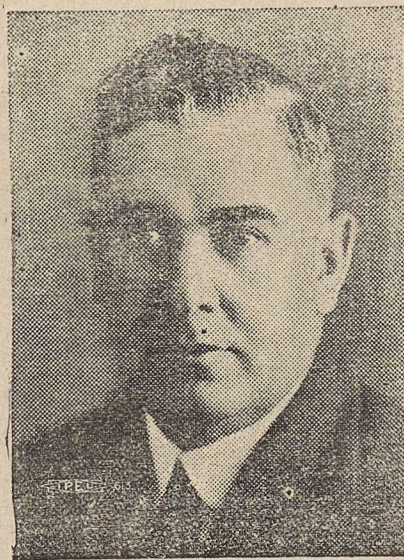

DR. LOUIS J. PAYEN
Veterinarian
In Sardine Valley
Phone Truckee Forest
Service

Merriam, McAdoo Share FDR's Favors

On his visit to San Francisco President Roosevelt did not speak for Senator William Gibbs McAdoo but favored him by having McAdoo ride with him and sit by him at a banquet table. Governor Frank F. Merriam, center above, although a Republican, also was frequently at the President's side.

AFL Endorse

SHERIFF DAN C. MURPHY

The state convention of the American Federation of Labor last week endorsed Sheriff Dan C. Murphy of San Francisco for governor. The Culbert Olson boom fizzed out when the vote showed Murphy, 304; Olson, 179; John Dockweiler, 82; Herbert Legg, 26 and J. F. T. O'Conner, 6.

The convention split its lieutenant governor endorsement between James M. Hyde, Los Angeles Democrat and J. L. "Jerry" Seawell, Roseville Republican.

City Attorney From Nevada City Candidate For District Attorney

Ward Sheldon, who since 1936 has been city attorney in Nevada City, this week made known to the voters of eastern Nevada County his candidacy for district attorney.

Sheldon is a graduate of the University of Michigan and of the University of California's law school. He

J. L. Seawell for lieutenant governor; Earl Warren for attorney general; Ray L. Riley for the U. S. Senate; Harry B. Riley for controller; and R. E. Collins for the board of equalizations. Allen G. (Scoop) Thurman was endorsed for 6th district assemblyman.

To Be Honored

Friends of the campaign of State Senator Jerrold L. Seawell for lieutenant governor from all parts of Los Angeles county are planning a mammoth mass meeting to be held in Los Angeles about August 15, with representation from every town in the southern part of the state.

Senator Seawell is one of the best known and best liked legislators in California. Prior to his election as senator, he served in the assembly and is well known as a debater and parliamentarian.

REGISTER TODAY

Tomorrow it will be too late to register for the August 30 primary. If you have neglected this important item, act at once or not at all.

was associated with the firm of Travers, Landels, Weigel and Crocker in Oakland from the time of his graduation until 1934 when he became the partner of Judge D. Younger in Santa Cruz. In 1935 he came to Nevada County.

Sheldon, a home owner in Nevada City, has been a resident of California for 11 years. He is married and the proud father of three.

Sheldon promises honesty and justice to all and particular favor or censure to none.

Paid Advertisement

Platform Program

Danl. L. Hirsch, M. D.
Candidate for Office of
CORONER

OF NEVADA COUNTY

The chief purpose of the Coroner's office is to determine the cause of death. A physician and surgeon trained in his profession, cooperating with the sheriff, is better qualified to hold an inquest, make examinations, and determine that cause.

The office of Coroner should be taken out of the hands of an unretaker whose chief interest is burial and whose business deals with the disposition of the dead. When an autopsy is required by a lay coroner, he must call in a physician, who is the only one permitted by law to make post-mortem examinations.

There is no ambulance chasing for burials when a doctor is Coroner, as he is a neutral party in the disposition of the remains. This important matter is up to the nearest relative, who should be given perfect freedom to choose the mortician.

It will be my policy, as a member of our County Medical Society, to practice equal justice in co-operating with my professional colleagues concerning autopsies and cases. It is my desire to serve this county efficiently, faithfully and economically. Books, reports and expenses will ever be open for public inspection.

With justice and service to all, I pledge myself to carry out this program if elected.
DANIEL L. HIRSCH, M. D.

Visit at Mt. Shasta—

Mr. and Mrs. E. A. Parker visited with Mr. and Mrs. L. W. Rider at Mt. Shasta over the weekend. Mrs. Rider and daughter returning to here and resuming the trip to Fresno, visiting Mr. and Mrs. George Sherman.

Luncheon Date—

The Chamber of commerce luncheon will be held Monday, July 25 at George's Cafe.

At Willie Home—

F. W. Vollman of San Francisco is vacationing at the home of Mr. and Mrs. W. F. Wilkie, Sr., during the week.

Visited Relatives—

Mrs. Elizabeth McKay returned on Tuesday from a week's visit with relatives at Reno.

Members from Out of Town—

The following out of town members visited Truckee Chapter of the O. E. S. at a regular meeting on Tuesday evening: Mrs. Laura Joessee and Mrs. Maude Hoeck of Portland, Mrs. Lorena Salisbury of Soda Springs, Mr. and Mrs. Charles Letter, Mrs. Mary German and Walter A. Carlson of Nevada City.

From Roseville—

Gino Guidi of Roseville arrived here recently to visit local friends.

At Home—

Leland Laity came from San Francisco on Saturday for a visit with his parents, Mr. and Mrs. W. H. Laity.

Visits in Truckee—

Dr. R. O. Schofield of Sacramento was a Truckee visitor on Sunday. He formerly lived at Hobart Mills.

Vacationing Here—

Ed. Markel of San Francisco, a former forest service employee, is spending his vacation in Truckee and enjoying the local fishing.

Bishop Visitors—

Mr. and Mrs. E. L. Norris of Bishop visited at the home of Mr. and Mrs. Frank Wilson last week. Mrs. Norris is a sister of Mrs. Wilson.

Goes to Lake Independence—

Harry Maggard arrived in town last week and continued on to Lake Independence where he spent several days. Maggard was former manager of the resort there and came to move his boats and camping equipment out.

Weekend at Hobart—

Mr. and Mrs. Jack Murray of Grass Valley, accompanied by Mrs. Murray's mother, Mrs. Heinbock of San Jose, and her cousin from Chicago, spent the weekend at the home of Mr. and Mrs. E. C. Murray at Hobart Mills.

CITY NEWS IN BRIEF

Things You and Your Friends Do

From Graecagle—

Mrs. Harold Percy, Mrs. Harry Woods and Mrs. Barton all of Graecagle visited friends at Hobart Mills and Truckee one day last week.

Move Into Moore House—

Mr. and Mrs. P. W. Lazier have moved into the Moore house on Church street from the the Watkins house on West Main street.

Returns Home—

Mrs. N. F. Dolley and infant son, Thomas Frederick, are home from the Reno hospital, arriving Tuesday. Both are progressing nicely.

Clark Guests—

Mr. and Mrs. Jack Luhrs and Mr. and Mrs. Earl Clark of Reno were weekend guests of Mr. and Mrs. J. E. Clark at Hobart Mills.

Streets Are Oiled—

A crew of men under Supervisor Alex Robertson are oiling and grading some of the streets in Truckee this week.

Enjoys Fishing—

A. Anderson of San Jose visited at the home of Mr. and Mrs. E. C. Murray last week and enjoyed the fishing at Hobart Mills.

Here from Burlingame—

Mrs. Inez Boren of Burlingame was a recent guest of her son and daughter in law, Mr. and Mrs. R. S. Boren of Truckee.

Entertain at Lake Home—

Bishop and Mrs. A. W. Noel Porter and son, Noel Edmund Porter of Sacramento will entertain the latter's fiancée, Miss Jane Gunn of San Francisco at their Lake Tahoe summer home.

Visits Uncle—

Mrs. Hattie Jones of Esparto, Wis., stopped here this week en route home for a brief visit with her uncle, William Bottcher. She was accompanied by other members of her family.

Candidate Here—

A. R. Curneen, candidate for superintendent of schools, was a Truckee visitor Wednesday.

From Berkeley—

Dr. and Mrs. George Uhl of Berkeley visited with Mr. and Mrs. Walter Barrett on Wednesday evening en route to Salt Lake City, Utah.

Return To San Francisco—

Mr. and Mrs. R. T. Joslin who spend their summer vacations in Truckee are returning to their San Francisco home today.

FISHING CONTINUES TO
IMPROVE IN THIS AREA

Fishing on the Truckee river and other nearby streams is showing a marked improvement during the past three weeks and many limits are being caught. Bait fishing, popular at the opening of the season here, has given way to fly fishing and while spinners and other lures are used to good advantage, the worm is taking a rest temporarily as the trout respond more readily to flies.
